

Keyloop Partner Programme

Keyloop Platform Activation - Drive

Customer Authorisation Form

Customer	
Keyloop	means the Keyloop entity with which the Customer has an existing contract for the provision of a Keyloop dealer management system (DMS)
Partner	
Partner Application	
DMS Service Name	
Site Branch	
Go Live Date	

1. Keyloop (either itself or via one of its affiliates) entered into a contract with Partner to enable the Partner Application to integrate with one or more of Keyloop's DMS solutions.
2. Partner and the Customer have entered into a separate contract pursuant to which Customer has procured a DMS integrated version of the Partner Application.
3. The Customer wishes for the Keyloop Platform to be activated in relation to the above Sites to enable the Partner Application to exchange certain data objects with the DMS.
4. Subject to paragraph 5, on receipt of this Customer Authorisation Form signed by the Customer Keyloop shall provide the Keyloop Platform Activation Services to the Customer in relation to the Partner Application and enable the desired integration with the Customer's DMS environment for the Sites.
5. The provision by Keyloop of the Keyloop Platform Activation Services for the Customer shall be subject to Keyloop's Standard Terms and Conditions and the applicable Product Specifications including the Product Specification for the Keyloop Platform Activation (KPA) – Partner Application, copies of which are available at <https://www.keyloop.com/en-gb/documentation>.
6. By signing this Customer Authorisation Form, Customer acknowledges that it has read and understood Keyloop's Standard Terms and Conditions, the applicable Product Specifications and authorises Keyloop to activate the Keyloop Platform in order to enable the Partner Application to exchange certain data objects with the Customer's instance of the DMS for the Sites.
